## CHURCH MINSHULL PARISH COUNCIL

## Clerk's Report on Budget & Precept January 2013

Consideration of the Budget & Precept for 2013-2014 has been complicated by various Government measures which may impact on the precept set, and the amounts of Tax payable by individual householders.

A summary of recent expenditure and the likely outcome for 2012-2013, together with a draft budget for 2013-2014 follows, and is based on retaining the current precept level of £2,500. This is likely to fall short of actual expenditure in the year and result in a reduction in year-end balances (but not to a significant level). However, because of a change in the Tax Base, linked to changes in Council Tax Benefit arrangenments, a standstill precept will actually result in a small percentage increase in the Council Tax payable by individual householders. Cheshire East Council has provided additional grant funding to offset this change – in the (provisional) sum of £186. If the precept is therefore set at £2,314 it should result in an unchanged Council Tax figure for individual householders.

			likely	draft
2009-10	2010-11	2011-12	2012-13	2013-14

# in addition a Cheshire Community Action grant of £3,000 was passed to the Village Vision Group via the Parish Council

TOTAL	3539.56	2589.06	2890.82	3070.39	3330.00
Precept	2500.00	2500.00	2500.00	2500.00	2500.00*
Year-end balance	7062.00	7517.62	7129.86	6559.47	5730.00

<sup>\*</sup>To be reduced to £2,314 to reflect Cheshire East's grant support

The level of year-end balances has been queried in the past by District Audit, who generally regard balances above a year's precept/ expenditure as excessive. There has been no specific concern raised recently, but members will wish to consider the level of balances in setting this year's precept.

## Members are invited to consider an appropriate precept.

## NOTE

There is a separate account for Parish Compact expenditure which does not impact on the setting of the general budget, or precept.
