A Caring Christian Family Where We Grow Together
St. Oswald's Worleston is a happy and successful rural village school where children learn in a caring Christian family. We are justifiably proud of our high academic standards, achieved because of our small class sizes and committed teaching staff who know and value our children as individuals. We highly value our family atmosphere and all work hard together to ensure that every person in our 'family' is happy, engaged and involved in all aspects of school life. Our school caters for all children aged 2-11 yrs with our new nursery and EYFS. See how wonderful the school is in action!
